

**Prince Rupert is situated
on Kaien Island in
Northern British Columbia.**

We are Canada's most northern port on the BC coast and the gateway for ferry travel to Alaska, Vancouver Island, and the Queen Charlotte Islands. Our growing city is located on traditional Tsimshian First Nations territory and has close ties to its cultural background. Enjoy the art and artifacts of our First Nations ancestors in local museums and art galleries. Numerous totem poles are located throughout the city for viewing pleasure.

Things to do...

Prince Rupert is home to fabulous shopping, museums, and intriguing restaurants that tempt your tastebuds with fresh local seafood. Go whale watching or bear watching. See some of the most amazing wildlife up close and personal, or get active and take a kayaking or hiking tour. Our staff will be pleased to help you book a sport fishing charter with one of the many reputable tour operators in town.
